Sonam Yangzom

About Me

My name is Sonam Yangzom, a final year student at Gyalpozhing College of Information Technology (GCIT), pursuing Bachelor's degree in AI and Data Science and specializing in Cyber Bridging Program.

Proficient in AI, DL, ML, data analysis and basic networking knowledge, with a strong ability to work collaboratively and passionate to build secure, intelligent systems.

I am eager to apply my academic knowledge to real-world challenges. Let's connect!

Brand Essence

Mission

My mission is to leverage my skills in AI and Data Science and Cybersecurity to contribute to resilient and thoughtful technological advancements. Ensures every project is handled with integrity, dedication, and focus on collective achievement.

Vision

My vision is to be trusted professional in the technology sector, known for building secure, innovate, and empathetic solutions.

Logo Guide

Design Overview

The logo represent the initials “S” and “Y”, drawn from my name, Sonam Yangzom. The design uses bold, clean lines and modern style to reflect professionalism, clarity, and confidence.

Symbolism & Meaning

- The logo is minimalist yet impactful, making it easily recognizable and memorable.
- The “S” is stylized with smooth curves, symbolizing adaptability, creativity and flow.
- The “Y” is sharp and structured, representing determination, strength, and forward direction.
- Together, the combination balanced flexibility with stability, showcasing both personal growth and strong foundation.

Logo Variations

Secondary Logo

Primary Logo

Watermark Logo

Color Palette

Dark cyan
#106861

Light gray
#f8f8f8

White
#ffffff

Typography

Logo Typography

The **SY logo** uses bold, geometric style with clean curves and share lines. This choice conveys strength, confident, and modernity, while the smooth flow of the “S” adds creativity and adaptability.

Supporting Typography

To maintain a cohesive brand identity, the supporting fonts should balance professional readability with modern, creative touch. Recommended font pairings:

Typography

- Headings / Titles:

Montserrat
Montserrat

Montserrat - Bold, modern, clean lines (pairs well with geometric logos)

ABCDEFGHIJKLMNOP
QRSTUVWXYZ
abcdefghijklmnop
qrstuvwxyz

Poppins

abcdefghijklmnopqrstuvwxyz
ABCDEFGHIJKLMNOPQRSTUVWXYZ
!"\$%&/()=?@€©®™""'-.— «»×÷†|

Poppins - slightly rounded, approachable, yet professional.

Typography

- **Body Text / Content**

ABCDEFGHIJKLMNOPQRSTUVWXYZ
NOPQRSTUVWXYZ
abcdefghijklm
nopqrstuvwxyz
1234567890
\$?&%@!#*()=

Open sans - highly readable, neutral, professional.

Lato - Humanist sans-serif, warm but still professional.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
NOPQRSTUVWXYZ
abcdefghijklm
nopqrstuvwxyz

Typography

- Styling Approach

- Use bold, uppercase fonts for section headers to echo strong feel of the logo.
- Keep body text simple and clean, prioritising readability.
- Maintain consistent font sizes and spacing to reinforce a polished and professional work.

Do's and Don't of Logo Usage

Do's

- Use the correct version of the logo for the right context (Primary, Secondary, or Watermark).
- Maintain clear space around the logo so it's not crowded by other elements.
- Keep proportions intact — always scale logos proportionally.
- Use approved colors that match the brand palette.

Don't

- Do not stretch, squash, or distort the logo.
- Do not change colors outside the approved brand palette.
- Do not place the logo over busy backgrounds that make it hard to see.
- Do not add effects like drop shadows, gradients, or outlines unless allowed.
- Do not rotate or flip the logo.

Logo Applications

01

**CV /
Resume**

02

**LinkedIn /
Social media**
